MARDI GRAS FESTIVAL HERE NOVEMBER 18 BENEFIT DIXON BAND

Festival Will Be Under
Direction of Chamber
of Commerce.

The Dixon Municipal Band Association, under the direction of the Dixon Chamber of Commerce has decided to stage a monster Mardi Gras on the night of November 18th. The proceeds derived from which will go to help defray the deficit of the band to purchase new uniforms and new equipment. A committee from the Chamber of Commerce will have complete charge of the arrangements, etc.

The Mardi Gras will embrace all the well known features that the term implies, furnishing amusement and entertainment both in the afternoon and evening and also providing an opportunity for those who wish to take part in the big show.

Those who have visited New Orleans, Tampa and other southern cities during the annual Mardi Gras season know what a really big spectacular event the Mardi Gras is. It is a night of festivity and jollification for all. The feature of the whole Mardi Gras is the selection of a Queen and her royal party. This event is preceded by a mammoth parade and following the parade the coronation of the Queen. To select a Queen a popularity voting contest is held. Candidates for this contest are nominated by the business men of the city, and the candidate receiving the most votes is elected Queen and the four next highest will be the Maids of Honor.

E. R. Oxnam, Secretary of the Chamber of Commerce, when interviewed today stated that the Mardi Gras parade and coronation will be one of the most brilliant affairs staged in Northern Illinois. Mr. Oxnam has visited several cities who have their annual Mardi Gras and he has found Mardi Gras night one looked forward to with eagerness by both young and old. No stone will be left unturned to make this one of the biggest successes, quoted Mr. Oxnam.

During the coronation ceremonies the Queen will be presented with a beautiful diamond ring and the Maids of Honor will receive valuable souvenirs.

The contest will open Monday, November 14th and will close Thursday Night, November 17th. Headquarters will be established in the Chamber of Commerce.

Arrangements have been made with Barbour & Shaffer, of 1170 Peoples Gas Bldg., Chicago, Ill., to assist in the direction of the Mardi Gras. Messrs. Barbour and Shaffer have just finished a very successful Mardi Gras in Bloomington, Ill., for the Association of Commerce of that city, and after Mardi Gras here will commence arrangements for a monster Mardi Gras celebration for the Amos Grotto No. 57 Mystic Order of Velled Prophets, of Rock Island, Ill., under the direction of the Rock Island Chamber of Commerce.

Evelyn Nesbit is Out of Danger from Attempted Suicide

By Associated Press Leased Wire
New York, Oct. 29.—Evelyn Nesbit was reported today as almost wholly recovered from the effects of an overdose of poison swallowed yesterday when a city marshal began to move furniture from her tea room and apartment in West Fifty Second Street.

The former wife of Harry K. Thaw, who later married and was divorced from Jack Clifford, a dancer, became hysterical when her efforts to obtain funds to pay her overdue rent failed, and swallowed fifteen grains of a drug. She called down to the marshal informing him of what she had done and collapsed on the floor. The marshal's speed in summoning a physician is said to have saved her life.

French Delegates to Conference to Sail Late Today

Paris, Oct. 29.—(By The Associated Press) Premier Briand and the other members of the French delegation to the Washington conference on limitation of armaments and Far Eastern problems, started for Havre today on their journey to America. Virtually the entire diplomatic corps, the various cabinet ministers and many senators and members of the chamber of deputies crowded around M. Briand's private car and wished him well on his visit to Washington. The liner La Fayette, on which the delegation has taken passage, will sail late this afternoon for New York.

POSSIBILITIES ROCK RIVER ASSOCIATION CHAMBERS EXPLOITED

Manager of Janesville C. C.
Says Much Can Be
Accomplished.

Edward Vaile, president of the Dixon Chamber of Commerce, has received the following letter from L. O. Holman, manager of the Janesville, Wis., Chamber of Commerce, regarding the organization of a Rock River Valley Association of Chambers, in which the Dixon body has shown some interest.

Since my conference with you in Chicago a few days ago I have done considerable investigating and research work in connection with my proposal that the Rock River Valley Association be organized.

In suggesting the organization of the Rock River Valley Association, I am endeavoring to arrive at some good means of properly developing that splendid section of the Central West which lies along the Rock river from its beginning in Fond du Lac County, Wisconsin, to its end at Rock Island, Illinois.

This section of the United States has long been recognized as most ideally located with relation to the various states of the Union and for its exceptional railroad connections. I believe it was Horace Greeley who first recognized the potential wealth of this valley and who had this territory in mind when he advised young men to go West.

I will not attempt in this letter to give any facts concerning the Rock River Valley either as to its natural beauties, industrial possibilities or agricultural developments. Suffice it to say that this valley has already

FORMER STUDENTS OF U. OF ILLINOIS WILL MEET AT Y THIS EVE

Will Hear Stadium Dis-
cussed and Enjoy a
Banquet.

A meeting of all Illini alumni and former students of the University together with any of their friends who care to and hear the Stadium proposition discussed, will be held tonight at 7 o'clock at the Y. M. C. A. building.

A general mixer and pep meeting is planned for the first part of the meeting. Later a banquet will be served, with Representative John H. Byers acting as toastmaster. The price for the banquet will be seventy-five cents a plate. The Stadium proposition will be thoroughly discussed by several Illini. Old Illini songs will be sung and the yells given. Reports by telegraph of Illinois-Michigan game will be received. Several very original attractions will be staged, together with some of the character of which will not be divulged before the meeting.

A rousing good time is promised those who attend and it remains with the loyal Illini of the county to attend the meeting in force, hear the proposition and next week pledge their financial support so that the Stadium will become a reality.

In a report from the University it is stated that the Stadium pledges of the students of Lee and Bureau counties average \$101 person. This is the second highest average pledge per student in the state with two counties taken as a unit. This report should be particularly gratifying to Illini in Lee county, and if they give all possible financial support in the campaign for Stadium pledges which begins next Tuesday, Lee county should occupy a high place in pledges for the Stadium.

Conspiracy Between Mine Operators and Union Heads Charged

Indianapolis, Ind., Oct. 29.—Affidavits designed to establish the existence of an unlawful conspiracy between union coal miners and operators were introduced today in the federal court hearing on an application for a temporary injunction restricting the United Mine Workers of America in its efforts to organize the West Virginia coal field, centering around Mingo county.

The Borderland Coal Corporation, in seeking the injunction on behalf of three score West Virginia operators also asked that any order, if granted, set aside wage agreements between the union and operators in organized fields throughout the country.

Judge A. B. Anderson, presiding at the hearing, sought to conclude the case today, but counsel in the case was doubtful whether all evidence could be completed as the defendants wished to introduce numerous affidavits, which they said would disprove contentions of the complainant that an unlawful combination existed between the operators and the union.

Dixon Boy's Efforts for Stadium Praised

Uley Bardwell, Dixon, was one of the leading workers in the University of Illinois Memorial Stadium campaign, which in the plus drive of this fall netted \$300,000. This amount was subscribed by the 3,500 Freshmen and new students at the university, and swelled the total amount to the million mark, as practically \$700,000 was pledged in a similar drive on the Campus last spring.

In addition to serving on one of the major committees, Mr. Bardwell worked practically night and day soliciting funds, and was one of the honor solicitors of the drive.

Alumni will pledge to the stadium fund in the nation-wide campaign opening November first, when it is hoped to reach the \$2,500,000 goal, estimated cost of the new structure.

Attacks Status of County Auditor Law

By Associated Press Leased Wire
Springfield, Ill., Oct. 29.—Naming county auditors of the state "nothing but figureheads," attorney L. E. Stone of this city last yesterday filed suit on behalf of J. L. Plunkett, denying the constitutionality of the act of 1911, which created all the office.
The attack Mr. Stone said is against the job all over the state. He contends that the legislature was without authority to create the office, and that the duties should revert to the county boards of supervisors, where they were prior to 1911.

Plunkett, for whom the suit was instituted, is the father of Miss Anna Plunkett, defeated candidate for Sangamon county auditor last election.

LIMITATION OF ARMAMENTS ISN'T THE ONLY THING

STRIKERS WILL FORFEIT RIGHT RAIL BODY SAYS

Labor Board Decision
on Case of Last
Week Given.

BULLETIN
Chicago, Oct. 29.—(By The Associated Press)—The United States Railroad Labor Board today, in effect, forbade railroad union labor from striking without the board's permission and declared that all strikers who violated the order would be classed as outlaws who had voluntarily removed themselves from the protection of the Transportation act.

Chicago, Oct. 29.—(By The Associated Press)—The United States Labor Board today issued its decision in the hearing held Wednesday to determine the responsibility for the general strike threatened by the Big Four brotherhoods and the Switchmen's Union. The board made three findings.

First—That all such disputes must be referred to the board before any action is taken.

Second—That any interruption of traffic would be a blow aimed at the peace, prosperity and safety of the entire nation.

Third—That any union going out on strike will forfeit its right and the rights of its members in all existing contracts and lose all benefits accorded by the Transportation Act.

By Associated Press Leased Wire
Houston, Texas, Oct. 29.—A meeting of the general committee of the striking trainmen on the International & Great Northern system has been called for Monday morning in Houston.

The call was issued by J. D. Frame, general chairman of the International & Great Northern of the Brotherhood of Railroad Trainmen, who is now en route from the Chicago labor board conference to Houston.

Until the strike is officially called off the striking trainmen will remain out. Vice Chairman Sheppard at Palestine said this morning in a long distance telephone conversation.

Local Chairman Nellis said that the pay checks received by the men marked "D. C." meaning "discharge checks," are customarily issued by railroad companies when strikes are in effect. He said that the men believe that such a settlement will be reached as not to impair their seniority rights. Some of the striking trainmen, he said, have been in the service of the company for many years and felt that their seniority rights should be protected.

Officials of the International & Great Northern Railroad Company report that the company's freight service is gradually getting back to normal.

Miss Rachel Eastman went to Moline this morning to spend a few days visiting with friends.

LOVES HIS PIPE

Washington, Oct. 29.—(By The Associated Press)—Marshall Foch who is known as an inveterate pipe smoker, before boarding the steamship Paris for his trip to America, made sure that a sufficient amount of his favorite French tobacco was on board. One of his military aides has it in charge—25 pounds of it.

Soon after he was taken off the Paris at New York, and had exchanged official courtesies with the members of the reception committee on the tug Vigilant, he went inside the pilot house, lighted his small briar pipe and seemed perfectly at home. He emptied it as he approached Battery park and put it back into his pocket.

Two hours later when comfortably established in his special train for the run to Washington, the pipe was out again. After dinner he followed the example of his guests and smoked a cigar, but this finished, the pipe again came into view only to again disappear when the train pulled into the Union Station.

Again at his hotel, the last thing he did before going to bed was to take a few more puffs.

Dr. Paul Andre, his personal physician was right when he said: "The marshal loves his pipe."

Britain Finds Sinn Fein's Final Terms Impossible; Report

By Associated Press Leased Wire
London, Oct. 29.—Final demands have been presented by the Dail Eireann delegation attending the Irish conference here, it was reported in London today. These demands, if conceded would involve abrogation of an act which gave the Ulster government control of the six northern counties in Ireland, but it was asserted the government had intimated that acceptance of these claims was impossible. The issues has been referred to Dublin, according to the report, and it was implied that the Dail Eireann answer, which is expected by Monday at the latest, will probably be unfavorable.

Farmer is Bankrupt; Debts Total \$9,074

Freeport, Ill., Oct. 28.—Henri Da May, farmer residing in Prophetstown, Whiteside county, has filed a bankruptcy petition in the federal court here, scheduling liabilities of \$9,074.50, with assets of \$5,285.

Two bankruptcy petitions were filed yesterday. The first was that of Arley Huyck, a farmer, of Silver Creek township, whose liabilities are \$1,405, with no assets, and the second that of Lloyd D. Ebersole, of Jordan township, Whiteside county, with liabilities of \$26,315.45 and assets of \$7,629.

DUBUQUE SQUAD WILL ARRIVE IN DIXON IN MORN

Hard Contest Expected
at Brown Park
Tomorrow.

The Dubuque American Legion football team will arrive in Dixon early tomorrow for their game with the Dixon Legion in the afternoon at Brown's Field. The game will be called promptly at 2:30 and one of the most hotly contested games this season is in prospect.

Business Manager Simmons received word yesterday afternoon from the management of the Dubuque team stating that the return game to have been played in that city on Thanksgiving day was cancelled, the Dubuque team being unable to secure a gridiron on which to stage the contest.

It is quite likely that an effort will be made to book a series of two games with the Mendota American Legion eleven, who have been enjoying a very successful season. Mendota last Sunday defeated the Morrison Legion by a score of 26 to 0 and some hint have been dropped by backers of the Mendota Legion eleven which would indicate that they are now in readiness to meet the Dixon Legion.

If possible a two game series will be booked with Mendota, the locals going to that city for the Thanksgiving day game, which arrangements would be far more satisfactory to local fans than the Dubuque trip. The Rockford Olympics are also trying to arrange for a game with the Legion on the home ground.

Addressed Dixonites on Irish Republic

John Osborne, Englishman, addressed a large number of persons last night at the Knights of Columbus Hall on the subject of the Irish Republic. Mr. Osborne was born in London, yet he represents the American Association for the Recognition of the Irish Republic. The speaker told his auditors that ever since 1919 Ireland has been a republic. The people levy and collect their taxes, make their own laws, similar to any other republic. He declares that Ireland is in fine condition today. Mr. Osborne was introduced by Edward Root.

Eastern Miners in Tribute to Mitchell

By Associated Press Leased Wire
Scranton, Pa., Oct. 29.—Virtually all the mines in the anthracite region were closed today as a tribute to the memory of John Mitchell, former president of the United Mine Workers of America. The day is known as "Mitchell Day," services being held in the city at the grave of the late union leader.

SOLICITORS IN DIXON MUST GET C. OF C. PERMIT

Committee to Pass on
All Projects Sub-
mitted Here.

A secret committee to pass on all advertising schemes and solicitors for charity has been appointed by the Chamber of Commerce.

The Chamber of Commerce asks the co-operation of every citizen of Dixon. Before citizens contribute to any cause they should ask to see a permit to solicit, signed by the Secretary-Manager of the Dixon Chamber of Commerce.

This sanction permit will add all solicitors with worthy causes and stop all unworthy propositions. If solicitors will not place their proposition before a committee for investigation it is not worthy of support.

Committee is Secret

The names of this committee will be kept secret so that when local propositions that are unworthy of a permit come up, no one will be able to bear a personal grudge.

Solicitors to obtain a permit must apply at Secretary's office, make application in writing, state for the length of time wanted, show their credentials and prove that at least 75 per cent of the money they solicit goes to the purpose for which it was intended and not spent in commissions and other overhead expenses.

Advertising projects will be handled in the same way. The value of the advertising being based on the circulation possibilities.

The sanction permit does not force any member of the C. of C. to give to the charity, but he knows it has been investigated and this saves his time and he can contribute or not as his judgment directs.

FOCH GIVEN GREAT WELCOME TODAY IN NATIONAL CAPITAL

Marshal Had Luncheon
with President at
Noon Today.

By Associated Press Leased Wire
Washington, Oct. 29.—President Harding, acting for the American people, today formally welcomed Marshal Foch to the United States.

Attended by a squadron of cavalry and accompanied by Ambassador Jusserand, the marshal arrived at the White House at 10 o'clock. Crowds gathered along the driveway through the White House grounds gave him a vociferous greeting.

The President and Marshal Foch conversed with each other for some time, Ambassador Jusserand acting as interpreter. The President tended to the marshal a warm welcome on behalf of the American people and told the military leader that France occupied a large place in the heart of the people of the United States.

Called on Wilson.
Leaving the White House, Marshal Foch called on Vice President Coolidge, who greeted the distinguished visitor as "the man who saved both France and America." The vice president received the marshal, his aides and party in the vice president's room off the senate chamber. The marshal's program for the day included a call on former President Wilson.

When the marshal called at the home of the former president, however, Brigadier General W. D. Connor, honorary aide to the marshal, was told that Mr. Wilson's physicians had given instructions that it would be inadvisable to receive any visitors. The marshal thereupon sent in his card.

Inquiry later developed that the former president had suffered a slight digestive upset.

Look in Dixon for Clue to Forgeries Issued in Sterling

Constable James, of Sterling, was in Dixon yesterday conferring with Chief Van Ribber relative to a number of worthless checks which have been passed in that city. The worthless paper is written on the Gramp Produce company's checks are made payable to a James H. Miller. In almost every case the checks were passed at Sterling butcher shops.

NEGRO IS GIVEN A STIFF FINE BY JUDGE EDWARDS

He Kept Gambling
Dive Where Soldier
Was Killed.

Sam Starks, colored, notorious resort keeper, in the circuit court this morning at 10:30 through his attorney H. A. Brooks entered a plea of guilty to the third count in the indictment charging him with operating a gambling game in the yard of his premises. Judge Harry Edwards assessed a fine of \$1000 and costs, ordering that the prisoner should stand committed until the fine and costs are paid.

"During my term of office as prosecutor of this county," the court said before pronouncing sentence, "I was called upon several times to prosecute this defendant. His presence in this community has always meant serious trouble. The resort conducted by him east of the city was an open sore to the entire community and this summer resulted in a case of homicide. This condition must terminate and as a salutary lesson it is the order of this court that the defendant be fined \$1000 and stand committed until the fine and costs are paid."

"It is the opinion of the court that if this defendant is wise and exercises discretion at the conclusion of his sentence, he will leave this vicinity and remain away from here."

Starks had nothing to say and was taken back to the county jail by Turnkey John Gaffney. Thursday morning he went into court with his attorney to enter a plea of guilty, but a point arose between his counsel and the state's attorney, which resulted in the case being set for hearing next Tuesday morning.

The court record shows that the other counts contained in the two indictments are held in abeyance for trial should the defendant continue to reside in this county.

Dixon Grocer is Alleged Bankrupt

Freeport, Ill., Oct. 28.—Involuntary bankruptcy proceedings were begun in the federal court today against James F. Sheller, Dixon grocer, by three of his creditors, who allege he committed an act of bankruptcy last July by giving, while he was insolvent, a chattel mortgage to a Sterling, Ill., concern.

Attorney Martin J. Gannon spent yesterday in Freeport, where he filed a petition in involuntary bankruptcy against James F. Sheller, who formerly conducted a grocery store at 111 First street. The creditors named in the proceeding are the Guyer & Calkins Wholesale Grocery Company of Freeport, the Crescent Macaroni & Cracker Company of Mazon, Ill., and the Dixon Wholesale Fruit Company. These firms were represented by Attorneys Martin Gannon, H. C. Warner and William L. Leach.

The suit was filed in the Freeport branch of the United States district court, and as the result the sale of stock and fixtures, advertised for this morning to satisfy a claim of the Sterling Wholesale Grocery Company, was halted.

New Time Cards on Both Roads Sunday

New time cards, effecting changes in the time of three trains on the Illinois Central and one passenger on the Northwestern, will go into effect on the railroads tomorrow, according to announcements made by local agents. The corrected time table, showing the time all passenger trains on both roads are due to leave Dixon, will be found of page 5 of this issue of the Telegraph. Readers should clip the time cards and keep them for handy reference.

Judge Cliffe May Be Federal Judge

Adam C. Cliffe, circuit judge of Symcamore, and well known here, is said to be an aspirant for a position on the bench of the United States district court. A number of new judgeships are to be created in the federal district and Judge Cliffe is said to be seeking an appointment.

4,000 MEMBERS OF LEGION WILL MARCH TUESDAY

Parade at Convention to Be Seven Miles in Length.

By Associated Press Leased Wire
Kansas City, Mo., Oct. 29.—An army of veterans began today to descend upon Kansas City for the annual convention of the American Legion which begins Monday. Foremost military leaders of modern times are among those en route who will be guests of the American doughboys. Among them are Lieutenant General Barone Jacques of Belgium, General Armando Diaz of Italy and Admiral Earl Beatty of Great Britain. Marshal Foch, who will also be accompanied by General John J. Pershing, commander of the American army.

Vice President Calvin Coolidge, representing President Harding, will head the American delegation of no-tables at the convention.

Today's work dealt mainly with plans for the parade on Tuesday, which officials said would be more than seven miles long and include 40,000 or more marchers.

A force of Legionnaires as large as the city's police force will be on duty as military police, their activities will be confined to the legionaries.

Delegation from Minnesota, New Mexico and the state of Washington were among the arrivals early today.

INDEPENDENT LEADS GOVERNOR IN NORTH DAKOTA'S ELECTION

Non-Partisans Refuse to Admit Their Defeat, However.

BULLETIN.

Fargo, N. D., Oct. 29.—(By the Associated Press.)—Returns for Governor, 1,234 of the state's 2,094 precincts give Nestos 90,902; Frazier 65,955.

It was admitted unofficially in Non-Partisan League quarters here that only a marked increase in league majorities in the unreported Slope precincts could stop the rising tide of ballots threatening to end the supremacy of the league in its own birth state.

Normal majorities of the league in the missing precincts, based on the return of the general election a year ago, would not save its candidates from defeat, but instead would insure a majority, based on the unofficial compilation, probably in excess of 10,000. In dependent headquarters were sanguine of victory by at least that majority.

Fargo, N. D., Oct. 29.—(By Associated Press.)—R. A. Nestos, Independent, was leading Governor Lynn J. Frazier, Non-Partisan, by nearly 25,000 in unofficial returns from 1,153 of the state's 2,094 precincts, tabulated at midday by Independent newspapers from yesterday's recall election aimed at Governor Frazier and two other state officers endorsed by the Non-Partisan League.

While the Independents were claiming victory for their candidates by majorities averaging 10,000, the Non-Partisan state headquarters here insisted to the Associated Press that further returns from the Missouri Slope county, admittedly league territory, would be necessary before the outcome could be known definitely.

Returns from 1153 of the state's 2,094 precincts, compiled through unofficial sources by Independent newspapers maintaining a state-wide collection organization, gave the standing of the gubernatorial contest just before noon today as R. A. Nestos, Independent, 88,179; Governor Lynn J. Frazier, 63,497.

These returns were from all but four counties in the Slope district. Nestos tabulated this morning totaled 23,604 in which the Independent candidates suffered a net loss of 3,968 votes in part, however, due to an error in tabulating the count in Lamborn county. This was the only error in first tabulations disclosed by a complete recheck.

THOUSANDS GET WELL ON A VITAMINE DIET

Amazing, New Discovery Quickly Builds Weight and Strength—Sample Package Offered Free

Thousands of people nowadays are gaining weight, vigor and health by simply adding Vitamins to their diet. Thin folks who had tried everything without benefit are increasing their weight rapidly, and legions of "half-alive" invalids and victims of the "run down" condition are telling of new "pép" and vigor.

Everyone is familiar with Vitamins, those mysterious, organic substances which occur in certain foods and which scientists now declare are absolutely necessary to health. Lack of these Vitamins, almost entirely destroyed in cooking, is responsible for practically all so-called "deficiency disease."

Physicians all over the country are prescribing Alexander Vitamins, new discovery of a widely-known Kansas City Scientist, Dr. E. R. Alexander. These Vitamins work wonders for weak, nervous "half-alive" folks who tire easily and find life almost a burden. They are merely added to the food and almost like magic your energy and vigor begins to return. Nerves are steady, cheeks rosy, and complexion clear. If you are thin and scrawny, within a few days you will note a substantial gain in weight. If you are over-weight now, Alexander Vitamins will quickly convert the fat, useless tissues into firm, hard muscles and flesh.

Sample Package Free

So confident is Dr. Alexander that these Vitamins will work wonders for you that he offers to send a free sample of Alexander Vitamins to anyone who will write for it. There is no charge for this sample and it puts you under no obligation. Send no money—just your name and address, a post card will do to the Alexander Laboratories, 654 Gateway Station, Kansas City, Mo., and the free sample will be mailed at once.—Adv.

Purchase of Site Discussed By Club

At a meeting of the board of directors and membership of the Dixon Country club Thursday evening at the Y. M. C. A. building, the matter of purchasing the land now leased by the club was discussed, or rather the report of the committee was discussed. The report was given considerable consideration, and the report was then referred back to the committee. It is quite likely that the club will let the matter rest for a while. After the meeting the men enjoyed a bowling contest. About fifty members of the club were present.

Government Student at Bradley Institute

Peoria, Oct. 29.—Walter E. Lewis, 23, a government vocational student, died in his chair in the class room at Bradley Horological school here early this morning. The school physician said heart disease was the cause of his death. Lewis' home was at Carver Mills, Ill. He served in the 325th Field Artillery and took part in the battle of the Argonne. He was disabled by rheumatism and was sent by government to Bradley to learn watchmaking.

No Hope of Passing Tax Bill This Week

By Associated Press Leased Wire
Washington, Oct. 29.—Republican senate leaders conceded today that there was no possibility of passing the tax revision bill this week. They also indicated that there was little prospect of maintaining a quorum for a night session of the senate tonight.

INSTRUCTOR IS DEAD.

Mrs. H. W. Leydig this morning received the sad news of the death of Prof. J. C. Steicher, who passed away yesterday at his home in Berlin, Pa. Many Dixon residents, who were former pupils of Prof. Steicher will regret to hear of his sudden death.

SEVERAL SECTIONAL CONTESTS TODAY ON EASTERN GRIDIRONS

Greatest Interest in Harvard College Meeting.

By Associated Press Leased Wire

New York, Oct. 29.—Football in the east today gave promise of a sharp clash of sectional athletic interests. The game as played south of the Mason and Dixon line was to be shown by a trio of college elevens, intent on carrying victory back home with him.

From Kentucky came Centre with the great "Bo" McMillan and "other Praying Colonels," to do battle against Harvard at Cambridge. From Atlanta rolled northward the "Golden Tornado" of Georgia Tech, to line up at the Polo Grounds against the fast Penn State team. The University of Virginia eleven was at Princeton for a clash with the Tiger squad.

There were other contests of no less importance between rival eastern aggregations. At Ithaca the undefeated Cornell team faced the undefeated Dartmouth combination; at Philadelphia, Glenn Warner's Pittsborough boys were scheduled to oppose Pennsylvania, while at New Haven, Yale and Brown were ready for their annual tilt.

Other games scheduled included: Columbia against Williams "at New York-Rutgers against Washington and Jefferson at Syracuse; Lehigh against West Virginia at South Bethlehem; Fordham against Boston College at Brooklyn; Colgate against New York University at Binghamton and Rutgers against Lafayette at Easton, Pa.

—"COLONELS" ARE READY.
By Associated Press Leased Wire
Cambridge, Mass., Oct. 29.—The Centre College eleven with "Bo" McMillan and the other "Praying Colonels," whose gridiron exploits have made famous the little Kentucky college they represent, were seen again in the stadium today, lined up to do battle with the Harvard varsity.

A closer game than the 31 to 14 contest, won by Harvard last year was forecast. Centre, which found then that its scintillant backfield could not operate at its best without improved line play, came north this time with a bolstered bulwark as its front rank. It was a much improved team, coaches and players said.

CHEERFULNESS

Cheerfulness helps to start the day right; it acts as a tonic on the day's work as effectively as the sun's rays in clearing away the mist. It is one of the greatest assets of any human being, young or old, rich or poor. It is the moral duty of every one to, at least try, to be cheerful and encouraging.

When we sell our services we claim to "sell satisfaction." We assume responsibility and unless we enter into our work—in the workroom, office, or selling our product—with a zeal, earnestness and a cheerful disposition we cannot expect that rich measure of success that we might have if we worked with the right attitude.

We all have our personal problems, our trying experiences, our discouraging moments, but why not count our skeletons without assistance. We can, if we but will, put all our gloomy thoughts in a jug, cork them tightly and never examine them when anyone is present. Troubles analyzed increase many-fold.

Send cheerfulness into the world and joy and mental sunshine is your reward, render good service to others and good service is returned to you, show a spirit of helpfulness and you will reap a bumper crop of kindness and just consideration from others, think well of others and you will be well thought of. "What ye sow, ye shall reap."

KINGDOM-COMMUNITY AID SOCIAL SUCCESS

The basket social given by the Ladies Aid society of the Kingdom and community, held at the Mt. Union church Thursday evening was a great success in every way. There were 34 well filled baskets, which were sold by Auctioneer Magnus of Nelson, and which brought the sum of \$20.00. The church was filled with the friends of the society. Representative John H. Evers spoke and in addition the following excellent program was given: Recitation—Mary M. McCune.

Cornet Solo—John Morris, Jr.
Recitation—Floyd Florio.
Vocal Duet—Misses Ora Floto and Verna Mat Gates.

Recitation—Alice Brink.
Recitation—Gilbert Jaquet.
Vocal Solo—Majorie Greer.
Musical Reading—Miss Verna May Gates.

Male Quartet—Alfred Bieschke, John Morris, Frank Floto and Ralph Williams.
The ladies are very thankful to Mr. Magnus for his efforts in selling the baskets. Another similar affair will be given later.

DELIGHTFULLY ENTERTAINED BY MRS. COLLINS DYARS

The Missionary society of the Presbyterian church met in union with the younger missionary societies of the church on Thursday evening at the hospitable home of Mrs. Collins Dyars.

There were eighty-four present, giving evidence of much interest in the missionary work in the church.

Several readings and musical selections were furnished by members of the Westminster Guild, the Circle and the Light Bearers, the short but entertaining program being greatly enjoyed.

Afterward during the pleasant social hour, Mrs. W. H. Coppins and Mrs. S. W. Lehman, assigned the hostesses in dispensing tempting refreshments.

ZION HOUSEHOLD SCIENCE CLUB

The Zion Household Science club met with Barbara Clymer Thursday, Oct. 27th.

The meeting was called to order by the president.
The minutes of the last meeting were read and approved.
Roll call was answered on "Uses of Eggs as a Food."

The afternoon was spent in sewing and mending for Mrs. Thompson, a member who has been seriously ill.
The hostess served a tempting lunch of sandwiches, jello, assorted cakes and coffee.

BALDWIN AUXILIARY MEETS TUESDAY

The meeting of Baldwin Auxiliary No. 23 will be held Tuesday evening in G. A. R. hall.

GLEN ELLISON IN RECITAL

One of the most unique and thoroughly pleasing recitals ever given here was presented last evening at the M. E. church by Glen Ellison and Alta Hill. The recital was an artistic success in every respect, and E. C. Kennedy is to be congratulated on securing these capable and charming artists for an appearance here. Glen Ellison is no stranger here and is a great favorite with Dixon people.

It had been rumored that Mr. Ellison would sing in union with his re-created voice and that the audience would not be able to tell the difference between the re-created and living voice. Needless to say, many were skeptical. Attempt to match that glorious voice with a device of mere wood and metal! Impossible! The skeptics were soon convinced, however, for, in Glen Ellison's initial number on the program, his lips ceased to move, but his song went on. Slowly it dawned on the mystified audience that Glen Ellison was no longer singing, though his voice came forth as clear and sweet as before. Again he sang, but the audience only knew it was the living Ellison by the motion of his lips. It seemed as if there were two artists on the stage—two singers, but only one voice. The tones emanating from the New Edison were identical with those of the living artist, and it was impossible to detect any difference. The instrument produced not an echo or copy, but the real thing—Glen Ellison's voice, unaltered by any mechanical transformations—unspoiled by any metallic ringing.

After the applause which followed this "miracle" exhibition Alta Hill shared the stage with her fellow musician, the New Edison she played in union with the re-creation of her art. Only by watching her could one know when the living artist was being heard alone and when the music came in double measure. The re-creation was absolutely identical with the original in every particular.
Further numbers in which Glen Ellison and Alta Hill performed with themselves impressed the conviction of one's inability to distinguish between re-created art and its original.

K. B. EMBROIDERY CIRCLE
The K. B. Embroidery Circle met at the home of Mrs. Walter Leivan of Marion township on Thursday afternoon. The house was artistically decorated with Hallowe'en colors.

A most delightful afternoon was spent. All the members, but two, were present. Victrola music, embroidery and chat was the program, and the happy, congenial afternoon passed all too rapidly.

In the course of the meeting Mrs. Leivan served a delicious lunch. The table was beautifully decorated with Hallowe'en colors and favors.
The next meeting will be held with Mrs. Robert Leivan on Nov. 10th. All members are urged to attend this meeting.

HALLOWE'EN PROGRAM ENJOYED
Miss Edna Fisel and the twenty-eight pupils of her school in the village of Nachusa gave a splendid Hallowe'en program last night. The school was filled with the community folk, several from Dixon being in the audience. After the program Miss Fisel and her pupils, assisted by some of the ladies of Nachusa, served a plate supper, consisting of sandwiches, doughnuts, pickles, pumpkin pie, coffee and cocoa. The supper realized for Miss Fisel and her school \$40.00.

HALLOWE'EN PARTY A SUCCESS

Miss Marie Sorbe delightfully entertained with a Hallowe'en party at her home on Jackson avenue Friday evening.

Among those present were Misses Vernice Cooper, Cora Cooper, Matie Burke, Erma Fuelsack, Loretta Julien, Katherine Kanzler, Jennie Rudolph, Minnie and Margaret Sorbe.

The evening was spent in games and music. Delicious refreshments were served, after which the party dispersed, having spent a happy evening.

HALLOWE'EN MASQUERADE TUESDAY

A Hallowe'en masquerade will be given by the Golden Rule class of St. Paul's Lutheran church on next Tuesday evening, Nov. 1st, at the home of Miss Mary Bollman south of town. The assistant hostesses for the evening will be Misses Ethel Zigler, Sophia Mueller and Gladys Kanaga.

The members are requested to meet at the church at 7:15 and conveyances will be waiting.

PERSHING SAYS

"Boy scouts are not trained particularly to be of use to the military organizations of our country; they are trained primarily and effectively to be good citizens, and that is what we need, above every other thing. If we can inspire in them such ideals as those for which the boy scout movements stands there can be no fear as to America's future."

PRESBYTERIAN WOMAN'S AUXILIARY

The Woman's Auxiliary to the Presbyterian church will meet Tuesday evening, Nov. 1st, at 7:30 o'clock with Mrs. J. A. Forrest of 312 Ottawa avenue.

MR. AND MRS. COLLINS ENTERTAINED

Mr. and Mrs. Arthur Collins entertained at dinner last evening for Mr. and Mrs. T. J. Lynch and son, LeVerne, of Denver, Colo. Mr. and Mrs. Frank Kennedy of this city were also guests.

WEEK-END CLUB WAS ENTERTAINED

On Thursday afternoon the Week-End club held a meeting at the home of Mrs. R. W. Shrock.
The afternoon was spent in music, needlework and chat.

The hostess served a delicious two-course luncheon and the entire meeting was voted one of much pleasure and interest.

The next meeting of the club will be held with Mrs. Eugene Minnihan, in two weeks.

LADIES' COMMITTEE MET AT ELKS

A special committee of ladies met at the Elks club house last evening and organized and made tentative plans for a scramble supper and card party to be given Thursday evening, Nov. 23, at the club. Mrs. Harry O. Wheeler was made chairman of the committee which meets again on Tuesday evening at the Elks club for final arrangements of plans.

LEGION BAZAAR A SUCCESS

The bazaar being conducted by the members of the American Legion, assisted by the members of the Woman's Auxiliary to the Legion, in Rosbrook hall, is a well defined success.

The music is good and the floor in excellent condition. This evening pumpkin pies will be sold and there will be a booth with dressed poultry. Attend the bazaar and have an enjoyable evening.

The ladies of the Methodist church served an autumn tea in the basement parlors of the church Wednesday evening.

Miss Helen Ling, teacher of the primary room, was absent from school a couple of days of last week because of sickness.

Richard Wilhelm, of Dixon, spent last week here at the Jay Smith home with his cousin, Robert Schultz.

John Atherton, who was recently hurt in a runaway accident is able to be up town getting around with the aid of crutches.

The Odd Fellows association of Lee county met with the Anchor lodge here Wednesday evening. It was a big night and many were present from the neighboring cities.

Max Swarthout and family have been visiting at the Edwards home. Prof. Swarthout came from Decatur to see his mother, Mrs. Ella Swarthout in Dixon, who was recently quite seriously hurt in an automobile accident.

His family are remaining here during his visit in Dixon.

C. A. Boyle and family are moving to the Pfeiffer place, west of town.

Mean Intelligence of Folks About That of 13-Yr. Old Child

By Associated Press Leased Wire
Chicago, Oct. 29.—The average intelligence of the people is about that of a 13 year old child, Prof. Robert H. Gault told a psychology class at Northwestern University yesterday. However, he took issue with Mr. Thomas A. Edison saying we are not so dumb as Mr. Edison has stated.

"It has been authoritatively stated that the general populace has an average intelligence equal to that of the 13 year old child," he said.

"But even under this deplorable condition I think things are not as bad as Mr. Edison said when he stated 'no one can write a self evident fact so plainly that 2 per cent of the people can understand it.'"

Would Punish Girls for Immodest Dress

By Associated Press Leased Wire
Chicago, Oct. 28.—New interest in the juvenile court among club women was aroused today following statements made by Mrs. Anna L. Davenport, for eleven years a juvenile court officer, before the West End Women's club.

"I'm in favor of punishing girls for contributing to boys' delinquency," she said. "Its often the girl's fault these days."

"Short skirts and flimsy waists have increased the number of cases in the juvenile court. Why? Because the girls thus use flamboyant sex attractions and men make special efforts to pursue them."

PEOPLE'S COLUMN.

Lee county, thy loyal sons have bled on many glorious fields for freedom's right;

Whether into the deadly breach they led to break the tyrant's or rebellious right.

They won an honored place with earth's illustrious dead.

The dead rest well, but oh thy living brave.

The maimed, the crippled, wrecked in health are there!

Naught can restore what they so freely gave.

These claim thy warm solicitude and care.

Oh, let them not as mendicants crave! Lee county, thou canst never more forget

The priceless service they did render thee!

Thou never canst repay the mighty debt.

Yet thou canst ever just and generous be.

To them who saved; let them their suffering ne'er regret.

All tenderly, Lee county should thou guard

Widow, nurse and orphan of thy loyal dead.

The lot of many a one is sad and hard.

Oh stand thou in the lost protector's stead.

And let his child or widow be thy cherished ward.

Thugs Rob Jobless Man of Last Dollar

Freeport, Ill., Oct. 28.—Robbers last night held up Robert Waldeck near his home on South Walnut avenue, taking \$14 from him.

Waldeck's plea that he had been out of work all summer and needed the money badly, was disregarded by the thugs, who handled him roughly, took his money and told him to beat it.

Asks Annulment of Freeport Marriage

Freeport, Ill. Oct. 28.—Suit for annulment of her marriage to Walter Scarborough was filed today by Margaret Scarborough, who asks that she be permitted to resume her maiden name, Margaret Grant.

Mrs. Scarborough alleged her husband did not divorce his first wife, Ethel, until after he married the plaintiff, Margaret Grant Scarborough.

AUTO AND LOAD OF LUMBER IN MIX-UP TUESDAY

Lee Center Man Had Narrow Escape from Injury.

Lee Center, Ill.—Noah Woods has moved his family to the Ada Dewey home.

Clarence Rolla has moved in the house vacated by Noah Woods.

Mrs. John Brassel is enjoying a visit from her sister of Iowa.

Mr. and Mrs. T. F. Richardson and Mrs. A. E. Wellman spent Sunday with the Robert Johnson family of Ashton.

Last Monday night the tenant house on the Bert Hill farm burned. The origin of the fire is not known.

Rev. A. L. Dunton and wife motored to Chicago Monday morning where they met a friend, who came from California to visit them.

Clarence Rolla will open up a tire shop and garage soon in the depot building owned by the Aschenbrenner brothers.

Albert Jeonblanc, who lives four miles east of Lee Center, had a narrow escape from injury Thursday morning about 9 o'clock while en route to Dixon to serve as a juror.

He was driving a Ford car and collided with a truck load of lumber at the George Taylor corners, where the road joins the Dixon road. Fortunately no one was injured. The Ford was badly damaged and was taken to a garage to be repaired.

Miss Marguerite Carlson and Andrew Aschenbrenner, Jr., have sent out invitations for home masquerade Hallowe'en parties.

Ben Lajr has purchased from James Riley the house known as the Trudoff property and will move there soon.

Mrs. Ludwig has added a stock of groceries to her ice cream parlor and restaurant.

Mrs. Ernest Leavens, of Corcoran, Cal., has arrived here to spend the winter with her mother, Mrs. Miles Bahen, who has apartments in the home of her son, Hubert Bahen, on a farm four miles south of Dixon.

HE AND SHE

Why do short women prefer to
marry tall men? This question is
debated solemnly and in long scien-
tific words at the second interna-
tional congress of eugenics, meeting in
New York.

The answer is: Because nature is
constantly trying to even things up—
maintain an average or normal bal-
ance.

Thus, in a big gathering, folks in-
stinctively pair off like this: Little
women with big men, little men with
big women, fat folks with thin, brun-
nets with blonds, hot-tempered peo-
ple with those of gentle disposition.

Usually we are not conscious of
our shortcomings until we see them
in some one else.

Our subconscious minds, however,
are not as easily fooled as our con-
scious minds. The subconscious recog-
nizes faults, admits them and ad-
mires those who lack the faults.

And what if you haven't any faults?
Then you unconsciously are drawn,
like iron to the magnet, to those who
have.

Tame men love to read about Jesse
James and Napoleon.

Women who toe the mark strictly
in life are thrilled by the vampires
and villains of the movies.

If we were all alike, this would be
a dull and monotonous world. Like
living with a thousand reflections of
yourself in a mystic maze of mirrors.

Conversation that is interesting
and association that causes the glow
of good-fellowship are made possible
only because no two people are iden-
tically alike. We meet and uncon-
sciously compare ourselves with oth-
ers, as we mingle and talk.

So a dull civilization of bricks,
paint, steel and tin cans is made in-
teresting by our shrewd boss, Mother
Nature.

If tall men married tall women and
fat men married fat women, as a
pronounced human tendency, the
world would soon become peopled
with giants and monstrosities.

If good dispositions married only
good dispositions, and vile tempera-
ments married only vile tempera-
ments, soon would have two distinct types—
saints and devils. They'd soon war.

Nature, desiring to keep a certain
balance, to preserve a certain normal
level, makes us attracted to our op-
posites, particularly in that oldest
human institution, marriage.

Men, who think slower than wom-
en, have to yonder this and reason
it out by the process called psychol-
ogical analysis.

Women, with lightning brains,
brains that work so rapidly their pro-
cesses can't be followed and analyzed
know it by instinct, which is possibly
nothing more than subconscious
thought.

Haven't you heard an old granny
comment: "Oh, they'll be so happy!
Such a well-matched couple! He so
dark, she so fair!"

LINGERING SUPERSTITION

Citizens of Jersey City recently dis-
turbed their slumbers to watch a
phantom light which danced in the
belfry of St. Joseph's parish. Elec-
tricians, policemen and spectators
were mystified until some one discov-
ered the swaying beam was caused
by automobile and locomotive head-
lights reflected in the newly decorat-
ed interior of the tower. The sim-
ple solution left many citizens with
rather embarrassing conjectures to
their credit. Some were certain a
ghost with a lantern had been re-
sponsible for the lambent flame.

Copernicus, writing his book on the
revolution of heavenly bodies and
fiddling with strange apparatus in
the hawmow of a barn, was too mys-
terious for his fellows. They report
not out that he was in league with

the devil because he talked some
heresy about the earth going around
the sun instead of the sun going
around the earth, as everybody
knew.

When Galileo first perfected the
telescope the world called it a "mag-
ic tube." The arrangement by which
finely ground glass brought the stars
near at hand was not understood and
so was accounted for by wizardry.

It is a novel commentary on the
human mind that so many cling stub-
bornly to mysticism. That which it
cannot explain is attributed to Salem
witches, base viol magic and sinister
influences. We have not yet pro-
gressed very far from the mysticism
of the Middle Ages so long as we con-
tinue to assign to the sphere of the
supernatural those phenomena which
we do not understand.

MOTHERS

Mrs. Pencak, Chicago widow and
mother of eight dependent children
under 12 years of age, gets the larg-
est mother's pension ever granted—
\$130 a month. She will have to be a
good manager and pare her potato
skins thin, to make ends meet or that.

But it's a step forward. Some day
every mother will be eligible for a
pension, with bonuses for big fami-
lies. A good investment. Babies are
the nation's real wealth.

German business men are taking
part in every big foreign enterprise.

dent of France.

Blue laws are hypocritical, cannot
be enforced and have a demoralizing
effect on the community. — Allen T.
Burns, social worker.

**Berton Braley's
Daily Poem
THE POOR FISH**

Whenever I'm terribly bored,
Whenever life seems, on the whole,
A thing to be greatly deplored,
A weariness unto the soul.

I find I can brighten my lot
And tie to my troubles the can
By thinking my stars I am not
Like the Paleolithic Man!

His life was exceedingly bleak,
He had very little to do—
A fight with a bear once a week,
A brush with a tiger or two—
But otherwise, goosh, it was dull!

With nothing to figure or plan
And never a thought in the skull
Of the Paleolithic Man.

No books and no music or plays,
No baseball or tennis or art,
Just one long succession of days
With no way to tell them apart;
He fought and he gorged and he
slept,

Beat his wife—like the rest of his
clan—
But the years must have sluggishly
crept
For the Paleolithic Man!

So when I'm considering him
I say to myself, "Hip hooray!
Existence has color and vim,
I'm glad I am living today!
The world is a place of delight
With marvels and wonders to scan,
I certainly pity the plight
Of the Paleolithic Man!"

EVERETT TRUE

BRINGING UP FATHER

CONFESSIONS OF A MOVIE STAR

Chapter XII
A KISS THE CENSOR CUT

I never shall know what possessed
me when Cissy and I went on for
"reconciliation and embrace" in the
fade out of "Love in Leash." But I
remember that I saw Dick watching
us, and that on an impulse I mur-
mured to Cissy:

"Make it the real thing this time,
Cyrus, if you want to. Let's put it
over—and make an end of the criti-
cism!"

"You're a sport, May! I only hope
you mean it!"
The retake proved that Cissy was
an extraordinary actor-lover. For the
first time in my career the censors
cut one of my love scenes. And I
guess they had good reason.

The minute the cameras stopped, I
was pleased and sorry at the same
time. There was, I had to admit, an
embarrassing little thrill in Cissy
Sheldon's kiss. It astonished me, con-
fused me.

The pleasure I derived from the
scene consisted in seeing Mr. Dick
Barnes turn on his heel and fairly
fling himself down the studio stairs.
His scorn reacted upon me and em-
barrassed me. I felt suddenly as if I
had been insulted—that it was all my
fault. I was miserably conscious of
my own responsibility for Cissy's be-
havior.

I rushed down the corridor. I
couldn't face my maid. I couldn't
face myself in my mirror. I was over-
come with disgust. Not a living
soul could I meet until I had recov-
ered by police.

I turned from the stale air of the
studio into the court where the mot-
ors were parked. I stepped onto the
platform—and looked squarely into
Dick Barnes' eyes.

He must have perceived that I was

flushed and ready to weep. He
blushed violently, raised his hat,
started to speak impulsively.

Then he restrained himself and I
went back to my dressing room.
He asked formally:

"May I call your chauffeur for you
Miss Scott?"

"Tell him, please, to be ready in
ten minutes."

All the acting in a movie company
isn't done on the sets, I thought as I
went back to my dressing room.
Moreover, a man does not have to be
handsome in order to be fascinating.
I couldn't help comparing Dick and
Cissy. Dick was not an Adonis. He
was not as tall as Cissy. His features
wer far from classic. His brows were
heavy, his chin decidedly firm and
masterful. He photographed remark-
ably as a bad man. But for manners,
in real life, he surpassed any man
in the company.

Cyrus—so I called him because it's
his real name and because he liked to
have me use it—Cyrus Sheldon be-
haved beautifully when it pleased
him to do so.

He had been behaving wonderfully
to everybody since the casting direc-
tors had put him opposite me. Every-
body had noticed the change in him.
And some had taken unnecessary
pains to tell me about it.

I was glad Cyrus had reformed. I
was good to have everybody happy
in the studio. From star to door-
tender, we felt the responsibility of
keeping the company working, in a
period of business depression.

I undertook the new story with the
determination of making it my best
story. Many studies were closed. I
must not let mine close. If I failed
I would drag down so many friendly
people.

Common Sense Ways to Keep Well
LIME NEED FOR TEETH
BY R. H. BISHOP JR., M. D.

The prevailing theory in regard to
decay of the teeth is that it is brought
about by the formation of acids in
the mouth, produced by the fermenta-
tion of sugars and starches. The lactic
acid formed is supposed to attack the
enamel of the tooth, dissolving the
lime, the chief constituent of the ena-
mel.

But the theory now most support-
ed and most probable is a surprising
one. Decay, according to this theory,
is brought about by systemic changes
in the blood.

Some bodies are more able to re-
sist disease than others while varia-
tions in weather and conditions bring
variations in the resistance of almost
all bodies. This variation of resistance
is believed to be due to changes in
the state of the blood and that high
resistant blood contains certain spe-
cial substances called "sozins."

Normal saliva has a highly pro-
tective influence on the teeth due to
the presence of these "sozins" or lime
content in the saliva. Thus, it is a
deficiency of lime in the diet of the
average American that is a widespread
factor in the universal decay of teeth.
The average bill-of-fare, consisting
of fine flour, bread, potatoes, meat,
coffee, butter, sugar, breakfast foods,
fruits, etc., contains less than one-
quarter of the amount of lime neces-
sary to maintain calcium balance.

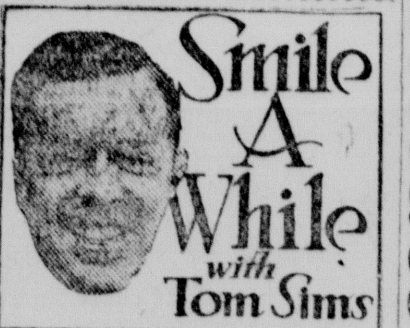

Dentists have long ago relinquished
the idea that the toothbrush can stay
decay. The toothbrush is important
and undoubtedly does a great deal to-
ward checking the progress of decay,
but still more important is a recogni-
tion of the causes of dental decay.

To eliminate these causes requires,
first, an improvement in resistance to
disease by improving the general
health in all possible ways.

Second, a dietary rich in calcium,
is required so as to make sure of a high
calcium content of the saliva.
Such a diet includes an abundance
of greens and fresh vegetables. Whole
wheat cereals should be substituted
for such foodstuffs as fine flour, hom-
iny, cornmeal, polished rice, various
bakery products. Milk should be free-
ly used, especially by growing chil-
dren.

Third, the teeth should be brushed
not only on arising in the morning
and before retiring at night, but also
after each meal.

Fourth, laxative foodstuffs should be
used, as agar-agar and paraffin oil may
be included in the dietary in order to keep
free of constipation. If necessary
used in some form.

The wonder of the age is how men
can hide it.

One move to enforce prohibition
would be to move the Bahamas.

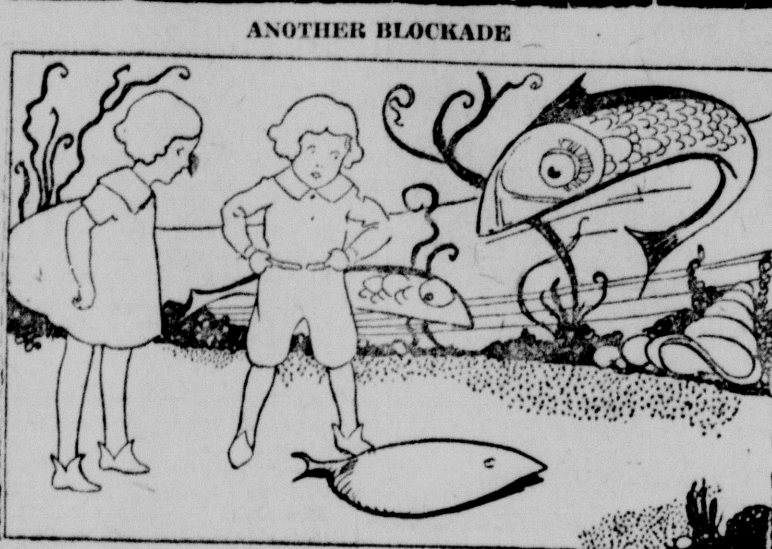

God dress our snappy home. We
can't.

And if Turkey whips Greece will
she take over the Greek cafes?

some small boy is going to get a lick-
ing.

ANOTHER BLOCKADE

"Why don't you find another place to rest yourself?"
Well, sir, Nancy and Nick saw some
queer people and queer happenings
and queer ever so many things while
they were under the sea helping Cap'n
Pennwinkle. But one of the queerest
things of all was the manner in which
Flatty Flounder changed himself
around.

Cap'n Pennwinkle blew his whistle
three times, the way he always did
when he needed help. The Twins
heard it, and hurried to the Cross
Roads at once.

"What's wrong?" called Nancy.
"Oh, there's somebody blocking
traffic again," answered the fairman
crossly. "Flatty Flounder is lying
here just at the busiest place, and
he's more stubborn than Tub Terrapin
ever was."

Nick went up quite close and gave
the flounder a poke. "What's wrong,
Flatty?" he asked.

Flatty yawned, then he stretched,
and blinked one eye. Perhaps he
blinked both eyes, but if he did, no one
language." Been having trouble with

THE PINE TREE AND THE MATCHES

BY DR. WM. E. BARTON.

I journeyed, and I came into a
great Forest of Tall Pine Trees. And
men were at work cutting them down.
And not far away was a Sawmill that
sawed the trees into Lumber.

And they sawed down a great Pine,
and it fell with a mighty shout that
awoke the echoes of the Forest.

And I said, I am a lover of trees,
and I could almost as easily murder
my father as cut down a tree so fine
and tall as that. Yet I know that it
must be done; and it may be that
yonder tree will be cut into lumber
for a Temple of Worship, or a Hall
of Justice, or a Happy Home.

And the Foreman spoke unto me,
saying, This tree will be cut up for
the making of Matches.

And I said, Thou mightest make
matches out of the chips and the
splinters of it, but this tree itself
would make matches enough to set
the world on fire.

And he said, All the lumber which
thou seest at the mill, and all the saw
logs that are beside the mill, and all
the trees that these men are cutting,
yes, and every tree in this vast for-
est is for the making of matches.

Then was I sad to think of those
monarchs of the forest casting down
their crowns and tumbling their
thrones to light cigarettes.

But I considered that there be other
and more honorable uses of Matches,
and that so great a tree would not
give its life without serving many
noble purposes. For it would light
the evening lamp in many a home,
and kindle a glow on many a hearth-
stone, and set ablaze the fires of In-
dustry and Productive Toil.

And I began to think less unkind-
ly of this match business.

And I thought of my own life and
of the lives of other men, into how
many splinters they are divided. And
I said within myself that I had never
been able to make of my life one sin-
gle, solid, undivided contribution to
any heroic achievement but that it
had been cut up into matchwood and
kindling by the exigencies of the
daily demands upon my strength and
time.

Yea, what is this Parable but a
splinter with the end dipped a little
space into the Personality of him
who writeth it, that peradventure it
may kindle a kindred glow in the
heart of some one else who hath
seemed to himself to fritter away his
life in trivial duties, with no oppor-
tunity for the Conspicuous and Heroic
Deeds?

WILLIAM E. BARTON.

Now this is my message unto all
such:

If thou hast lighted the lamp of
hope in the humblest life; if thou hast
put a torch into the hand of a child
that he might walk aright down the
path of temptation; if thou hast set
in the window of thine own soul,
where it is visible unto men, a can-
dle lighted by a spark of thine own
conviction or experience, so that any
life hath been guided aright; if thou
hast kindled into new warmth the
flame of love within the hearth of
any cold and troubled home; if thou
hast warmed the milk of human
kindness in the cup of any human be-
ing, then thank God that He hath
permitted thee to be cut up into
matches.

CONGRESSMAN SHOWS NO PENITENCE AFTER RECEIVING REBUKE

Texan Narrowly Escaped Expulsion By His Colleagues.

Washington, Oct. 28.—The censure of the house of representatives, as publicly pronounced by Speaker Gillett, in accordance with a unanimous vote of its members, rested today on Thomas L. Blanton, Democratic member from Texas.

Retaining his seat by a bare margin of eight votes under the necessary two-thirds, when the house yesterday voted 203 to 113, on the resolution of Representative Mondell, of Wyoming, the Republican leader, proposing expulsion of the Texas member for insertion in the Congressional Record of a document described as "unspeakably vile," Representative Blanton, a few minutes later heard his colleagues vote unanimously for a resolution proposing that he be publicly reprimanded at the bar of the house.

Twenty-six members, 22 Republicans and four Democrats, voted "present" on the censure resolution offered by Representative Garrett, Tennessee, Democratic leader.

Fought For An Hour

Giving every evidence of a crushed and broken man at the conclusion of the ordeal during which he had heard Representative Mondell bitterly arraign him and plead for his expulsion from the house, and had then

for more than an hour fought to defend himself from the charges, the Texas member brought the scene to a dramatic conclusion when, on leaving the chamber after the speaker's reprimand he collapsed to the floor. He quickly recovered, however, after being picked up by colleagues, some of whom had voted for his expulsion, and later was observed hard at work in his office on a pile of correspondence.

In the opinion of members, however, there was little to indicate penitence in Representative Blanton's speech defending his insertion in the Congressional Record of language described in the resolution of censure as "so indecent, obscene, vulgar and vile," as to render the Record unimpeachable. Declaring at the beginning of his speech that he knew the house was prepared to expel him, Representative Blanton, replying to a question, as to the truth of reports that he had announced an intention of mailing 250,000 copies of the undelivered speech contained in the offending document, after the house had ordered it stricken from the record, said only lack of money had prevented his mailing it to every voting man in the United States.

Postmaster General in a Train Wreck

New York, Oct. 28.—Postmaster General Hays and a score of passengers on the Midnight Express of the Pennsylvania lines, for Washington, were badly shaken up early this morning when the express crashed, in a heavy fog, into the rear of a local train at the Manhattan Transfer in New Jersey. Pennsylvania officials declared there had been no serious injuries.

Mr. Hays and a number of other passengers on the express were brought back to New York on a north bound train. A physician who examined the Postmaster General, said that aside from some strained muscles and a general shaking up, he had suffered no harm.

Agent Roy Swab of the Burlington depot, is pleased to see a force of workmen repainting the building and making other necessary repairs.

Master Joyce Smith and Eva Swab

sustained severe bruises and cuts about the head and face while playing games near their homes Thursday evening. Several stitches were necessary to close up the deep cuts on the Smith child's head.

Mrs. W. D. Parker was in Harmon looking for men to tile the Parker farm Wednesday.

OBITUARY

MRS. E. A. REISINGER (Contributed)

Elizabeth Anna (Norris) Reisinger was born at Postoria, Ohio, Sept. 8, 1854, and died at her home in Dixon, Ill., Oct. 10, 1921, aged 67 years, 1 month and 20 days. While quite young she with her parents moved to Erie, Ind., where she grew to womanhood. On Oct. 10, 1872 she was united in marriage to John Reisinger who survives. Soon after their marriage they came to Illinois, which has since been their home. Five children were born to this union. One died in infancy, and four surviving: Lee, Allison and Mrs. Mary Smith of Dixon, and Herbert of Coleta. Deceased was the eldest of a family of four children, of which only two remain living. One brother, F. M. Norris of Oak Park, and one sister, Mrs. F. H. Slater of Sterling.

At the age of 14 years she united with the Church of the Brethren and has continued to live a faithful, consistent and loyal Christian life. Was much devoted to her family, and a loving Christian friend to every one. She experienced much ill health, having recently suffered much from complicated diseases, but bore her afflictions patiently to the end.

Funeral services will be held Sunday afternoon at 2:00 o'clock at the Church of the Brethren, conducted by the pastor, Rev. J. J. Johnson. Burial at the West Branch cemetery.

ANOTHER DEMONSTRATION.

Basle, Switzerland, Oct. 28.—Several hundred Communists today attempted to hold a demonstration in front of the American consulate here as a protest against the conviction of Nicolo Sacco and Bartolomeo, Vanzetti in Massachusetts last summer. The police, however, quickly restored order and dispersed the would-be demonstrators.

FARMERS' PLAN FOR MARKETING STOCK COMPLETE

National and Local Associations to Have Part in Scheme.

Chicago, Oct. 28.—The second phase of the farmers' plans for improvement in the distribution of its products has been completed, the American Farm Bureau Federation announced today. This is the livestock marketing plan which was made by a committee appointed by President J. R. Howard last January.

The plan will be submitted for ratification to the national conference of livestock producers at Chicago on Nov. 10.

The plan recommends the organization of a national livestock producers' organization; the establishment at the terminal markets of producers' co-operative livestock commission companies; the strengthening of the local co-operative livestock shipping association movement; the working out of an orderly marketing program by the national board of directors to provide an even flow of livestock to market; the establishment of a transportation department to co-operate with the federation and state farm bureaus and the interpretation of livestock statistics.

Cooperation between the farmer and the business man was pronounced the essential need in renewing prosperity the president told the Chicago Association of Commerce today in a speech.

"I believe that we are in the dark hours of morning now," Mr. Howard said, "and it is time for us to get up and light our lanterns, whether we are farmers or manufacturers, or business men. We want to get the chores done. It is going to take the energy and faith of the farmer, combined with that of the American business man, to put it over, but we have just one common interest. I ask you to join with us in the recession toward national prosperity."

This weather is so changeable the man in charge must be a woman.

Which kind of battery service satisfies you?

It may satisfy you to be told that you need a new battery. Wouldn't it satisfy you more to be shown why?

This service station tests your battery, in your presence, with scientific instruments which unerringly show its condition.

You see these tests.

If they show weakness, the battery is taken out and put on our re-charging bench. We loan you a battery to use in the meantime. If charging does not bring your battery up to normal, you are notified promptly and on your arrival the battery is opened in your presence so that you can see exactly where the trouble lies.

You are then informed of the cost of the repair or replacement in advance, which cost is determined by a fixed tariff of charges. No repairs are made until you are satisfied they are necessary and authorize them. Nor do we try to sell you a new battery until we have enabled you to get all the service possible out of your present one.

This is Vesta Service, and it applies to all makes of batteries.

EVERY MOTHER should seriously consider the installation of a GUNN Sectional Bookcase. Its use teaches thrift, system and economy. For instance, if you or the children have twenty books, you have enough for one section. As soon as more books are purchased, add another section. The books will then be kept in a systematic and sanitary condition. Surely a good lesson for us all.

GUNN SECTIONAL BOOKCASES

are built on honor. The best that skilled workmen can produce from the best materials obtainable. They are built under the Guaranteed Gunn Construction and the best on the market in every respect. Big Audience at M. E. Church Hears Glen Ellison and Alta Hill in EDISON Tone-Test

In a test of direct comparison, made yesterday at the M. E. church, before a large audience, the New Edison scored a complete and convincing triumph.

Glen Ellison, the famous baritone, sang in direct comparison with the RE-CREATION of his voice by the New Edison. To every ear, there was no difference between his living voice and his RE-CREATED voice.

This is the most drastic phonograph test known. No other phonograph has ever sustained it. No other phonograph has even attempted it.

The New Edison's marvelous performance of yesterday vindicates everything that has been said or claimed for its perfect realism.

Mr. Ellison stood on the stage next to a shapely Chippendale cabinet. He began to sing. His golden notes soared over the auditorium, bringing all under its magic spell.

Halfway through his song, he suddenly

stopped singing. The New Edison, at his side, took up his song,—and continued it alone.

Singer and phonograph thus alternated, throughout the song.

The only way the audience could be sure which was singing, was by watching Mr. Ellison's lips,—so exactly like the living voice was the RE-CREATED voice.

Alta Hill made the same test of comparison with her piano selections. Again the same result—there was no difference between the RE-CREATED performance and the living performance.

Proof was piled upon proof! Evidence was massed on evidence! The end of the concert found the audience absolutely and completely convinced, through its own personal experience, that there is no difference between an artist's living performance and its RE-CREATION by the New Edison,—that listening to the New Edison is, in literal truth, the same as listening to the living artists.

The NEW EDISON "The Phonograph with a Soul"

Only one question can still bother your mind. This question we now answer.

The instrument used in yesterday's tests was not a special model. It was an Official Laboratory Model, taken from regular stock. Every Official Laboratory Model in our stock is guaranteed to sustain the same test of direct comparison with living artists.

You can have an Official Laboratory Model in your home. You can own an instrument which will do everything done yesterday in the test. Come in. Hear the wonderful Official Laboratory Model for yourself. Learn about our Budget Plan, which puts our Official Laboratory Model into your home for no more than you would "pay down" for a talking machine.

Potatoes

You will find our stock here always the best. Graded stock. Don't compare our prices with stock unloaded by others here which are ungraded and field run.

We do not look for late Potatoes No. 1 stock to sell for more than \$1.25 per bushel and we believe that they will be less later. Stock is a little green from the best sections yet and prices are getting lower every day, so the longer you wait for late stock the cheaper and better they will be. We always have 1 or 2 cars of best grade Red River Ohio on hand.

There is still time to plant your Tulip Bulbs, Hardy Jonquils and Hyacinths for next spring blooms—but don't delay. We have a nice assortment and very low price.

The Chrysanthemum season is here. Cut blooms and plants. They were never better, come and see them. Plenty of other blooming plants and cut flowers.

How about your nursery stock? We have a choice variety at the right price.
